

# King's Coalition

A CARD GAME OF CONNIVING COURTIERS

**Build your coalition:**  
Draw a subject – revealed or not.

**Dismiss a subject:**  
Be careful no one else is looking for that card.

**Strengthen your coalition:**  
Keep your eye on the Bonus cards and their values.

## MAKE THE BEST 7 CARD HAND

Draft subjects from a variety of classes to form a strong coalition to meet different bonuses that are revealed during play. Make sets and sequences as well as trying to score the bonuses that are revealed each turn. You might not be able to score every bonus and each subsequent bonus is worth less than the previous one. You only have 7 cards and six turns to score the biggest coalition and become the new advisor to the king.

- **Easy pick up:** Learn the game in under 2 minutes.
- **Plays fast:** 15 minutes and you're done.
- **Replayable:** With 21 bonus cards, each game will feel different.
