

**Recruit adventurers!**  
Place them into your tableau to maximize their power and effect.

**Simultaneous play!**  
Each of the 6 phases are played simultaneously and adventurers activate to give you bonuses.

**The most VPs win!**  
Score during each round: the one with the highest VP wins.

## ORGANIZE YOUR FORMATION, OPTIMIZE YOUR ABILITIES

The land of YRO is full of adventurers from different factions and professions. Recruit these adventurers, each of whom has one or more abilities that activate at the various phases of the game. In production, gain Magic and Technology. During Income, gain extra money. Some will even give you straight up Victory Points! And in Combat, the position of an adventurer is important as only the frontline adventurers give you power in combat to gain more VPs. YRO offers a satisfying arc of gameplay as you build your tableau. You can even play solo and add Quest objectives.

- **Strategy:** Which adventurers to recruit and where you place them matter.
- **Excellent components:** Including dual-layer player boards and a dual-layer shared board.
- **Fun art:** Anime-style art that is cute.
