

Better Letters

1. WORD RULES

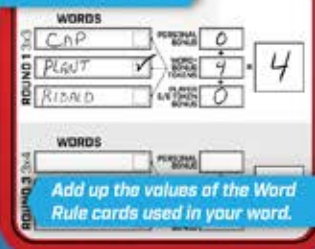

A grid of rules for your word that gets bigger each round.

2. FORM WORDS

Come up with words to use as many of the Rule cards as possible.

3. SCORE WORDS

Add up the values of the Word Rule cards used in your word.

A NEW TYPE OF WORD GAME

Better Letters presents a new way to create and score words. A grid of Word Rule cards that grows every round – starting with a 3x3 grid and ending with a 5x5 grid – provides you with the rules you need to apply to your word: the harder the Rule card and/or the more you use, the bigger your score. Examples of Rule cards are: 2 syllables, Includes AR, Starts with P, etc. A simple word like “Party” will score these three cards. No need to be a wordsmith! Just follow the path of Rule cards to become better with your letters.

- **Exciting!** You have 60 seconds to come up with words that use as many Rule cards as you can.
- **Accessible!** Even non-wordsmiths can score big by using common words.
- **Replayable!** Every game will see different rule cards in each grid.
